25th March 2025

To members of the committee,

I and other residents of Dove House Meadow have asked to be included in the next AGM for the green outside our residents to be changed from a grass area to an area where a wild flower meadow can be planted.

When we first moved in nearly 15 years ago this area was being ear marked as a wild flower area, not a play area for children – which it is turning in to. We have on the estate an area designated for children already.

We would like to enjoy quiet summer afternoons like the area was designed for.

Yours Sincerely,

David Stenson
